

GRAND TRUNK RAILWAY.
(From the Daily News.)

It is pretty generally known that for some time past Mr. Henry Cleaver Chapman, a large shareholder in the Grand Trunk Railway Company, and the representative of the Liverpool Shareholders generally, has been in Canada engaged in an investigation of the line, its management, and the prospects of the enterprise. From their

report to the Liverpool Shareholders, founded on this investigation, we are allowed to publish the following extracts. At last the Shareholders will obtain some knowledge of the management of the Grand Trunk Railway; and if the proposed Committee of Enquiry is formed, it will be convinced that the disastrous condition of the enterprise is not an accident.

But the enquiry called for must stand on its own merits, and cannot form a prelude to any further assistance from the Province. No Ministry dare, no matter how much inclined to generosity, recommend such a

This apparently trifling fishing affair, coupled with the almost regal splendour of the furniture of the apartments provided at the Sarnia Station for the Directors, serves more fully to confirm my previous impressions—that money and time have been

recklessly and criminally spent on non-essential, while essential terminal wants have been entirely neglected at more important points.

I have placed the heads of a memorial in the hands of an eminent Barrister, to be drawn up formally for presentation to the Governor General, praying for an enquiry

by a committee of Shareholders (appointed by the English Shareholders) into the past and present management of the Grand Trunk, before the Canadian Government entertains any proposal for pecuniary aid, as I am satisfied that under the present Directors and Managers in Canada it would not benefit but be detrimental to the Bond-

Unless I had visited Canada, and ascertained the truth of some of the current reports throughout Canada, I could not have brought myself to believe that such a system of peculation, extravagance and mendacity, could have so long been permitted to exist; the wonder also to me is how the people

of Canada remained so quiescent. The explanation that I receive is, "the Grand Trunk has been used for political purposes, and that the Provincial Grand Trunk aid money has been spent in bribery and corruption." Be this as it may, I am quite satisfied that the Grand Trunk has not begun to be managed as a commercial carry-

Quebec, August 10, 1860.

We cannot recognize the present Government as a party Government, nor does it profess to be such. It is merely a Government of self, determined to cling to office and emolument, in open defiance of all

party and of all principle, and determined to spend and waste, in defiance of precedent and parliament, till the cool, deliberate verdict of the country shall terminate its iniquitous career. It is, therefore, the solemn duty of the electors—conservative, tory, radical, moderate and clear grit, of Orangeman and Roman Catholic, to unite harmoniously in

that verdict. And the Elector who refuses, or who acts otherwise when the day of trial arrives, cannot plead that he is actuated by a regard for Conservatism or Reform, for Orangism or for Popery. He can only be viewed as a supporter of extravagant expenditure and oppressive misrule—an enemy to the country, either through ignorance or

DR. MEANE'S
CELEBRATED
LIVER PILLS,
FOR THE CURE OF
Hepatitis or Liver Complaint,

SYMPTOMS OF A DISEASED LIVER.

PAIN in the right side, under the edge of the ribs, increase on pressure; sometimes the pain is in the left side; the patient is

rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for a rheumatism in the arm. The stomach is affected with loss of appetite and sickness, the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy

sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin;

his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cramps have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

UNCONDITIONAL ASSURANCE ON LIFE.

THE LIFE ASSOCIATION OF SCOTLAND has adopted a NEW SCHEME of UNCONDITIONAL ASSURANCE, which entirely obviates the objection to the ordinary system of other Offices.

OMISSION to pay a Premium by oversight does not affect the Assurance, and, after a time, payment may be indefinitely postponed for a Year.

THE ASSURED is not subject to any Restriction as to Occupation or Residence; and NO EXTRA PREMIUMS are to be payable.

THE ASSURANCE is strictly NON-FORFEITABLE and UNQUESTIONABLE.

THE POLICY HOLDER, on surrendering his Policy, can withdraw a fixed and usually large proportion of his Payments, or take a paid-up Policy for double the amount; or he may withdraw the same sum as a Loan, and still continue the Policy.

BE COMPLETE and SATISFACTORY a system of Unconditional Assurance is not to be found in the arrangements of any other Assurance Office. Explanatory Pamphlets may be had on application.

ENTRANTS TO THE PROFIT CLASS are to have 6th DECEMBER NEXT, will secure ONE YEAR'S BONUS more than will be allocated to later entrants.

The Life Association of Scotland was founded in 1838, and has issued upwards of THIRTEEN THOUSAND Policies for Life Assurance, amounting to nearly Six Millions Five Hundred Thousand Pounds for Life Assurance.

The ASSURED is upwards of 210,000 sterling. The Policies under the original plan have, so far, for many years, been unusually free from restrictions and imperfections, and have secured large and beneficial results. Prospective of this Scheme also may be had on application.
